

Lillypilly 1998 VP Fortified

Region: Leeton, Australia

Alcohol : 18.5%

Bottle size: 375ml

Wine Style: Fortified

Vintage: 1998

Notes: Fortified wine made from a blend of Cabernet Sauvignon and Chambourcin grapes. Dark red brick colour, ripe plum and aromatic berry. Mouth feel is warm, intense, silky and round. Shows great development from five years in oak barrels. The Cabernet Sauvignon is sourced from our old vines planted in 1972. These low yielding vines produce deep intensely flavoured berries. Chambourcin is a French/American grape that is characterised by intense purple colours. The generous fruit flavours and sugar content of this early ripening variety has made its partnership with our Cabernet Sauvignon a harmonious one.

Sally Gudgeon

This rich and complex fortified wine is a blend of cabernet sauvignon and chambourcin. Aromas of chocolate and berries lead to a palate full of luscious sweet fruit. Try it with cheddar.
